THE MINDS BEHIND SCHOLARX

THE CREATORS & LEADERSHIP

The student innovators and academic mentorship behind Pakistan's first autonomous scholarship network.

01

LEAD CREATOR & SYSTEM ARCHITECT

M. Hamza Gohar

Conceived, designed, and built ScholarX. Engineered the multi-agent LangGraph orchestration, autonomous scout pipelines, and backend intelligence network.

02

FRONTEND & DESIGN CONTRIBUTOR

Malik Hassan

Contributed to frontend interface implementation, user dashboard layout components, and visual styling.

SUPERVISED BY

Sir Kaleem • ACADEMIC SUPERVISOR & RESEARCH ADVISOR

Guided architectural direction, algorithmic rigor, and system validation to ensure high-impact innovation for Pakistani students.
